

PERSONAL INFORMATION		
Name Surname	Ahmet Eren	
Title	Agricultural Engineer	
Phone	0 (242) 321 67 97	
E-mail	erenahmet@tarim.gov.tr	
Birth place- date	Çivril-1959	

EDUCATION INFORMATION	
Doctorate	
Name of University	
Academic Unit/ Date	
Graduate	
Name of University	Oklahoma State University
Academic Unit/ Date	Graduate School, Agronomy/ 1994-1996
License	
Name of University	Ankara University
Academic Unit/ Date	Agronomy/1977-1981

FOREIGN LANGUAGE				
Foreign Language / Degree	YDS (KPDS)	ÜDS	TOEFL	IELTS
	70			

JOB LOCATIONS		
Date	Title	Institution
1983-86	Ag. Engineer	Mediterranean Agri. Res. Instit., Antalya
1986-89	Ag. Engineer	Extension service, Muş
1989-92	Ag. Engineer	Extension service, Isparta
1992-2004	Ag. Engineer	Mediterranean Agri. Res. Instit., Antalya
2004-	Ag. Engineer	Bati Akdeniz Agri. Res. Instit., Antalya

## PROJECTS

1. Double cropping research and extension project (1983-86, National Project, **Asistant researcher**)
2. Soybeans breeding and agronomy research project for western mediterranean region of Turkey (1992-2008, TAGEM, **Leader researcher**)
3. Sesame breeding and agronomy research project for western mediterranean region of Turkey (1992-2000, TAGEM, **Asistant researcher**)
4. Groundnut breeding and agronomy research project for western mediterranean region of Turkey (1992-2000, TAGEM, **Asistant researcher**)
5. Improvement of melon F4 inbred lines resistant to Fusarium wilt (*Fusarium oxysporum* f.sp. *melonis*) within "The Cooperation of Public- Private Sector in Development of Turkey F1 Hybrid Vegetable Varieties and Seed Production Project" (2004-2009, TAGEM-DPT, **Asistant researcher**)

## PAPERS

### Papers of pressed international journal (refereed)

1. Keim, K.R., **A. Eren**, and L.H. Edwards. 1999. Long-term study of planting date effects on seed yield in soybean. *J. Prod. Agric.* 12:288–292.
2. Ari, Esin., H. Ikten, M. Gocmen, R. Coskun, and **A. Eren**. 2010. Comparative evaluation of different embryo rescue techniques on parthenogenetic melon (*Cucumis melo* L.) fruits induced with irradiated pollen. *African Journal of Biotechnology* Vol. 9 (33), pp. 5347-5356.

### Papers of pressed national journal (refereed)

1. Boyacı, HF, A. Oğuz, M. Ünlü, **A. Eren**, V. Topçu, and S. Erkal. 2009. Relationship between some parameters of vegetative and generative developments of parthenocarp and non-parthenocarp eggplants (*Solanum melongena* L.). *Derim* 26 (2): 28-39, ISSN 1300-3496. (In Turkish)
2. **Eren, A.**, M. Kocatürk, E. Z. Hoşgün, N. Azcan. 2012. Determination of seed yield, protein, oil content and fatty acid compositions and relationships of some soybean lines/cultivars. *Süleyman Demirel University Journal of the Faculty of Agriculture.* 7 (1):1-9. (In Turkish)
3. Zengin, S., A. Kabaş, A. Oğuz, **A. Eren**, and E. Polat. 2015. Determining of general combining ability for yield, quality and some other traits of tomato (*Solanum lycopersicum* L.) inbred lines. *Akdeniz University Journal of the Faculty of Agriculture.* 28(1):1-4.
4. Kurum, R., İ. Çelik, and **A. Eren**. 2017. Effects of rootstocks on fruit yield and some quality traits of watermelon (*Citrullus lanatus*). *Derim* 34(2):91-98.

Papers of presented international symposium

1. ÖZALP, R., İ. Çelik, and **A. Eren**. 2014. The advances of vegetable seed sector in Turkey (2002-2013). 5. International Participation Turkey Seed Congress Proceedings. Oral presentation. Dicle University. 19-23 October 2014. Diyarbakır. P. 261-267.

Papers of presented national symposium

1. ÖZALP, R., İ. Çelik, A. Tepe, and **A. Eren**. 2008. The development of vegetable seed sector in Turkey. Turkey III. Seeding Congress Book, 25-28 June 2008. Kapadokya. P: 61-66.
