

PERSONAL INFORMATIONS		
Name Surname	Serkan AYDIN	
Title	Master Degree	
Phone	+90 242 7245292	
E-mail	serkan.aydin@tarimorman.gov.tr	
Birth place- date		

EDUCATION INFORMATION	
Doctorate	
Name of University	Akdeniz University
Academic Unit/ Date	Biotechnology /(Continues)
Graduate	
Name of University	Namık Kemal University
Academic Unit/ Date	Horticultural Crops- 2009
License	
Name of University	Trakya University
Academic Unit/ Date	Horticultural Crops- 2006

FOREIGN LANGUAGE				
Foreign Language / Degree	YDS (KPDS)	YÖKDİL	TOEFL	IELTS
	50	55		

JOB LOCATIONS		
Date	Title	Institution
2000-2001	Technician	Horticultural Production Station- Bilecik
2001-2002	Technician	Provincial Directorate of Agriculture- Bilecik
2002-2012	Researcher	Viticultural Research Institute- Tekirdağ
2012-	Researcher	West Mediterranean Agricultural Research Institute- Antalya

--	--	--

## PROJECTS

- 1- The Research of Different Ecological Conditions for Harmonisation and Market Value on the Table Grapes in the Marmara Region(Researcher 2004-2010)
- 2- The Effects of Different Storage Methods on Chemical, Microbiological and Sensory Analysis of Vine Leaves( Researcher 2009-2011)
- 3- Obtaining through Crossing of the Seedless Early Grapes and Seedless Later Grapes (2006-2012)
- 4- Clone Selection Studies on Cardinal Grape Variety in the Marmara Region (2006-2012)
- 5- Determination of the appropriate irrigation programs for Alphonse Lavallee and Trakya İlkeren Grapes Varieties in Şarköy Conditions (2009-2012)
- 6- Şarköy Viticulture Development Project (2008-2011)
- 7- Obtaining through Crossbreeding of the New Grape Varieties for Internal and External Market (2008-2012)
- 8- The Effect of Bagging Applications of Yield and Quality on Trakya İlkeren and Italia Clusters (2011-2012)
- 9- Determination Of Phytoplasma Disease and The Detection Of Possible Vector Species Of Insects in Antalya Vineyards (2013-2016)
- 10- Determination of Performances of Some Table Grape Cultivars Grown in Open Field and Greenhouse Conditions Using Different Cultural Practices (2015-2020)
- 11- The Early Detection Through Selection Based Markers and Phenotyping of Mildiyö Disease Durability (2015-2019)
- 12- Some new Orange Cultivars Grafted on Different Rootstocks, plant and Pomological Characteristics in Western Mediterranean region (2012-2016)
- 13- Breeding new orange varieties through mutation from Cara Cara Navel (Citrus sinensis (L.) Osbeck ) ( TUR020-438 ) orange variety (2012-2016)
- 14- The Effect of Tomato Maturity and Storage Periods on Mechanical Damages and Quality Parameters (2015-2018)

## PAPERS

Papers of pressed international journal (refereed)
