INTERNATIONAL COTTON FIBRE TRADE BROKERAGE EVENT – 2017

Dear Author

We are honoured to invite you to participate in the Şanlıurfa International Cotton Fibre Trade Brokerage Event which is being organized by the GAP International Agriculture Research and Training Centre for the enterprises in the field of the cotton and textile industry.

The event is co-financed by the European Union and the Turkish Government within the scope of the Regional Industrial Collaboration in Cotton Fibre Manufacturing Project. The main aim of the project is to contribute to the competitiveness of the Turkey's cotton and textile industry.

International Business Meetings will be held on Thursday, 9th March 2017 in the [Nevali Hotel](http://www.nevalihotel.com/) (<http://www.nevalihotel.com/>) which is located in the Şanlıurfa region. The goal of these meetings is to create business links and establish trade cooperation among the enterprises involved in the project and those organisations participating in the brokerage event.

There is a unique opportunity in front of you, to participate in the event **which is completely free of charge and funded by the project (accommodation, transfer, flight tickets, food)**, it provides you the chance to make contacts and establish business relationships with regional, national and international cotton fibre buyers (yarn manufacturers, agents) and sellers (ginners).

Business meetings will provide you with an opportunity to make direct contact with future potential partners, to learn about news and trends in the cotton fibre sector, and promote your business activity and exchange your experiences.

Şanlıurfa is the province which cotton fibre production is at the highest in Turkey and it has high agricultural production potential; the province attracts local and foreign tourists with its unique cuisine, rich cultural and historical texture. (please check the introductory video of the Şanlıurfa <http://www.urfakultur.gov.tr/TR,164610/sanliurfa-tanitim-filmi-eng.html>).

The International Business Meetings imply bilateral talks amongst the interested participants (representatives of ginner and yarn companies), which should last up to 20-30 minutes (depending on the number of registered participants) and which should be focused on presenting both sides and future desired cooperation.

The catalogue directory with business profiles of all the participants of this event will be available and circulated for all interested parties for future trade co-operation.

Deadline for the pre-registration is Friday 10th February, 2017.

I look forward to hearing from you in due course and fruitful and successful cooperation.

Best Regards

Mike Burchell, Team Leader
