

Personal Information	
Name	Dilek KARAMÜRSEL
Degree	Engineer
Phone	(+90) 246 313 24 20
E-mail	ilke-2000@hotmail.com
Research interests	Agriculture Economics

Education
<b>Master of Science</b>
2010 - Selçuk University, Department of Agriculture Economics
<b>Bachelor of Science</b>
1997 - Gaziosmanpaşa University, Department of Agriculture Economics

Language				
Language/Score	KPDS	ÜDS	TOEFL	IELTS
English	33			

Work Experience
2000- Agricultural Engineer / Fruit Research Institute, Eğirdir (Researcher)
1998-2000 / Agricultural Engineer / Fruit Production Station Management –TOKAT
1993-1997 / Technician / Isparta Directorate Of Provincial Agriculture

Publications

<b>Projects</b>
<b>Continuing Projects</b>
Regional Differences in Technical Efficiency and Technological Gap of Apple Farms (Assistant researcher), TAGEM (2019-2020)

Pear Variety Breeding Resistant to Fire Blight (Assistant researcher), TAGEM (2006-)
Development of New Apple Varieties Resistant to Apple Scab (Assistant researcher), TAGEM (2011-)
Determination Of The Performance Some Pear Rootstocks In Different Location (Assistant researcher), TAGEM (2015-2019)
Determination of Some Peach Rootstock-Variety Combinations in Lakes Region (Assistant researcher), TAGEM (2014-2018)
<b>Completed Projects</b>
Egirdir Region Apple Growing Determination of Status and Problems With Economic Aspects of Evaluation (Project Leader), TAGEM (2002-2003)
Impact Assessment of Research and Improvement Studies About Plum Growing in Turkey (Project Leader), TAGEM (2008-2011)
Entegre Proje: Approaches of Farmers to Agriculture Insurance, Problems and Suggestions in Plant Production of Turkey Alt Entegre Proje: Approaches of Farmers to Agriculture Insurance, Problems and Suggestions in Plant Production of Isparta (Project Leader), TAGEM (2011-2013)
Sub-Sector Analysis of Fruit Tree Nursery in Turkey (Project Leader), TAGEM (2015-2016)
The Determination of Pear Fruit Quality Traits for Consumer Preference (Assistant researcher), TAGEM (2018-2019)
Research Study on Competition for Cherry Production and Marketing of Turkey (Integrated Project)- Search of Competition Power at Cherry Production and Marketing in Afyonkarahisar and Isparta Provinces (Sub Project) (Assistant researcher), TAGEM, (2018-2019)
Assessing Impact of Fisheries Support by Government (Assistant researcher), TAGEM (2018-2019)
Determination of Research-Extension-Farmer Relations in Turkey Viticulture (Assistant researcher), TAGEM (2017-2018)
Impact Assessment of Bioclogical and Biotechnic Control Support Payments on Plant Production (Antalya, Burdur, Isparta Case Study) (Assistant researcher), TAGEM (2017-2018)
Determination of the Parameters that can be a Criterion for Young Farmers' Support and Tendency of Young People to Stay in Agriculture in TR61 Region (Assistant researcher), TAGEM (2017-2018)
The Determining of Effects of Different Mulch Materials and Irrigation Levels on Apple Trees, Water Protecting and Weed Control on M9 and MM106 Rootstocks (Assistant researcher), TAGEM (2009-2015)
Healthy Growth: From Niche to Volume With Integrity and Trust (Assistant researcher), ERA-NET Core Organic II AB 7. Framework Program, (2013-2016)
Expansion of Controlled Atmosphere (KA) Storage (Assistant researcher), BAKA (2012-2013)
Pear cultivars and rootstock trial (Assistant researcher), TAGEM (2002-2013)
Impact Assessment of Research and Improvement Studies About Cherry Growing in Turkey (Assistant Researcher), TAGEM (2008-2011)
Acceptence level and Impact Assessment of novelties and research outcomes at the apple orchard in Isparta and Denizli (Assistant Researcher), TAGEM (2006-2008)
Applicability of organic farming at Apple orchard on M9 (Assistant researcher), TAGEM (2002-2009)
The Effect of Different Planting Densities and Training Systems to Fruit Yield and Quality Parameters at the M9 Apple Rootstock (Assistant Researcher), TAGEM (2002-2008)
Effect of Different Shading Ratio to Fruit Quality and Harvest Date at Granny Smith Apple Variety on Grafted M9 (Assistant Researcher), TAGEM (2002-2008)
